

STREET CLEANERS BUSY LAST YEAR

Supt. Twohey Files Report
of Work in De-
partment.

Thirty-six Miles of Street
Daily Sprinkling
Average.

A year of unusual activity in the
Street Cleaning Department is shown by
the report of the superintendent, John
T. Twohey, for the year ended June 30,
1907, submitted to the Commissioners to-
day.

The total area cleaned was as fol-
lows: Paved streets cleaned by hand,
497,811,216 square yards, an increase over
the preceding year of 2,619,142; paved
streets cleaned by machines, 373,534,844
square yards, an increase of 78,715,607;
macadamized, gravel, and dirt streets
and roads, 51,907,419, a decrease of 3,566,-
424 (due to the fact that during August
and September the time of the force
was devoted to removing earth washed
down on the streets from abutting banks
by heavy rains); public alleys, 44,131,-
605 square yards, an increase of 4,574,561;
unimproved streets, 31,997,419 square
yards.

Thirty-six Miles Daily.

An average of thirty-six miles of
streets and roads were sprinkled each
day. The report shows that 41,269 tons
of garbage, and 116,884 cubic yards of
ashes were collected and disposed of,
the cost of this service being, respec-
tively, \$77,889 and \$35,540.

A total of 14,882 bodies were collected,
including the following: Horses, 649;
cows, 54; dogs, 4,896; cats, 7,574; chickens,
4,383; rats, 1,955; and miscellaneous, 133.
Special attention is called to the quan-
tity of waste paper thrown on the
streets by householders. In this con-
nection the report says:

"While there has been a great im-
provement in the cleanliness of the
streets by reason of the more frequent
sweeping of them, yet it cannot be said
that the desired standard has been
achieved."

Recommendation is made that ample
funds be provided for the removal of
snow and ice and that a gutter snow
plow shipped to the department last
winter by the J. H. Strain Company, of
New York, be accepted.

Makes Suggestions.

In the interest of his department the
following suggestions are offered to the
Commissioners for their consideration:
the abatement of the waste paper nu-
isance, the prompt repair of holes and
depressions in street pavements, includ-
ing the paving of adjoining car tracks,
the surfacing of all cuts in paved streets
with a layer of crushed bluestone, pend-
ing permanent repairs; and the fencing
off by builders and others of portions of
paved streets temporarily occupied by
them for the storage of building and
other materials.

BERLIN, Nov. 1.—The state's attor-
ney, who has hitherto refused to bring
proceedings against Editor Maximilian
Harden, of the *Sueden*, for the lat-
ter's attack on General Count von
Moltke and other "Knights of the
Round Table," has finally consented to
bring suit against the editor before a
bench of five judges.

He is said to have reached the de-
cision as a result of representations that
von Moltke was not given a fair
chance to submit all his evidence at the
libel trial.

Ensign Case Dismissed; Banker Fails to Appear In Battle for Divorce

MRS. IDA ELIZABETH ENSIGN,
Her Husband, a New York Banker,
Filed a Suit for Divorce and
Then Failed to Appear.

Picked Wife From "the
Street," He Charged
in Complaint.

NEW YORK, Nov. 1.—Supreme Court
Justice Gieglrich yesterday dismissed
the divorce suit of Henry A. Ensign, a
Nassau street banker, against Ida
Elizabeth Ensign, whom he says he
married after meeting her in the street
in London. Ensign failed to appear in
court, and he is said to be on a yachting
trip in the Mediterranean.

The case attracted a large crowd, as
some sensational disclosures were ex-
pected to be made. Ensign had named
H. A. Pope, a wealthy London mer-
chant, as co-defendant in his suit,
which followed Mrs. Ensign's applica-
tion for a separation. He also had de-
clared she was the wife of Ramsay
Kennedy, of Glasgow, when he married
her.

Mrs. Ensign's counsel insisted on put-
ting her on the stand to deny her hus-
band's allegations, saying she had come
from London to testify, but the court
would not permit it, because of her hus-
band's absence, and directed the jury

SECRET SOCIETY
VIOLATED RULES,
SAYS CHANCELLOR

High School Committee
Will Cause Decrease
in Membership.

That one of the secret societies in
the high schools of the District will be
summarily dealt with because it
held meetings outside of the school and
not in the homes of any of the parents
of its members, and that the number
of the societies will be reduced, were
facts made public today by Superin-
tendent of Schools Chancellor.

Although the committee of high school
teachers appointed to investigate the
secret societies has not formulated its
report, it has become familiar with the
points of the situation.

"One of these societies," said Dr.
Chancellor today, "will have to be
strenuously dealt with owing to some
of the things it has done. Among other
things, it held meetings away from the
homes of its members and not in the
school building. The total num-
ber of the societies will be reduced."

"A rule will be made that the parents
of the members of all these societies
shall be eligible at any time for ad-
mission to the meetings of the organiza-
tions. I am inclined to believe, also,
that another rule may be made that a
teacher shall be eligible for admission
to any of the meetings."

"On the whole, I think the idea of the
harm done by these societies in the
schools has been exaggerated very
much. It is not fair to let the evils of
one thing all the rest. But it is ad-
visable to reduce them in number, and
to have them a little more public in their
doings."

The committee investigating the so-
cieties will formulate its report as soon
as it has received certain information
from other cities about the chapters of
the national fraternities that have chap-
ters here.

Hungry Wildcat Ate Porcupine; He's Punctured

SCRANTON, Pa., Nov. 1.—George P.
Priant, of this place, who is preparing
a number of specimens for the Ever-
hart Museum, which has been donated
to the city by Dr. L. F. Everhart,
keeps a record of the contents of the
stomachs of all the birds and mammals
he stuffs.

The stomachs of twenty foxes, red
and gray, contained chiefly rabbits.
Three had captured squirrels, two opo-
sums, and three birds, one of which
was a ruffed grouse. Nine wildcats
showed only remains of rabbits. One
wildcat had eaten a red squirrel, an-
other had feasted on an opossum, and
two had captured birds. One wildcat
was well punctured by the quills of a
porcupine, which indicated porcupines
are attacked by the predatory wild-
cats.

Mr. Priant says the red-shouldered
hawk, and he has examined the vis-
ceras of many, subunit chiefly on
frogs, snakes, crickets, beetles, and
other insects, as well as field mice.

HUSBAND, NOT MAID.

"I don't believe you can even dress
my daughter."
"I don't believe I can, either; but I
am not applying for the position of
lady's maid, but of husband."—From the
Houston Post.

WOMAN LAID SCHEME TO ROB BANK RUNNER

NEW YORK, Nov. 1.—Sophia Lyons,
known as the "Queen of American
Criminals," is credited with having con-
ceived the scheme to steal \$34,000 from a
bank runner at the United States sub-
treasury last week, which resulted in
the arrest of Charles Watkins and C. D.
Rates, alias "Kid" Burke, her reputed
husband, and a protégé of "Rufe"
Minor, who for nearly half a century
has had the reputation of being the
"king of bank thieves."

For the purpose of assisting Burke,
the noted woman criminal, it was re-
ported, had come to the city, but de-
tectives who searched for her were un-
able to find her.

SUNDAY BALL FAVORED AT NAVY DEPARTMENT

Naval circles are much interested in
the reports that the Pennsylvania State
Sabbath Association is to appeal to
President Roosevelt in order that Sun-
day baseball games at the League Isl-
and and Navy Yard may be stopped.

The action of the league is brought
about by the recent order of Assistant
Secretary of the Navy Newberry, who
ruled that the games could continue so
long as the men did not disturb the
peace.

It is the general opinion in the Navy
Department that Secretary Newberry
has taken the right position, and that
the President will agree with him.

SAY THEY ARE NOW PREPARED TO SUPPLY ALL THE DEMAND

Announcement in the Paper of the Home-
Made Mixture Created Many Calls for
the Drugs Named, Though Few
Pharmacies Here Were
Well Supplied.

This is a message that will bring hap-
piness again into many families and
sunshine into the lives of hundreds of
disheartened and discouraged men and
women here. It requires just a little
inconvenience, for it can't be bought
already prepared. It is a simple home
recipe now being made known in all
the larger cities through the newspa-
pers. It is intended to check the many
cases of rheumatism, kidney, and blad-
der trouble which have made so many
cripples and invalids and weakenings of
some of our brightest and strongest
people.

The druggists here have been notified
to supply themselves with the ingredi-
ents, and the sufferer will have no
trouble to obtain them. The prescrip-
tion is as follows: Fluid Extract Dan-
dellion, one ounce, and Compound Syrup
of Sarsaparilla, three ounces. Mix by
shaking well in a bottle. The dose is
one teaspoonful after each meal and
at bedtime.

Recent experiments even in severe
hospital cases, prove this simple mix-
ture the remedy for Rheumatism, be-

cause of its positive action upon the
eliminating tissues of the kidneys. It
compels these most vital organs to
filter from the blood and system the
waste impurities and uric acid which
are the cause of rheumatism. It
cleanses the kidneys, strengthens them,
and removes quickly such symptoms as
backache, blood disorders, bladder
weakness, frequent urination, painful
scalding and discolored urine. It acts
as a powerful stimulant to the entire
kidney and bladder structure, puts new
life into them and invigorates the en-
tire tract. It makes the kidneys clean
the blood. The Dandelion will take care
of liver trouble and constipation, and
is fine for the stomach.

All the ingredients, states a well-
known local druggist, are of vegetable
extraction, making it a safe and harm-
less prescription at any time.

Those who suffer and are accustomed
to purchase a bottle of patent medi-
cine should not let a little inconve-
nience interfere with making up this pre-
scription. Wherever this becomes gen-
erally known, states a large Eastern
publication, it runs the sale of the
patent medicines and so-called rheuma-
tism and kidney cures, which is its best
indorsement of virtue.
